How You Walk

It's all about how you walk
Through the heat of the fire
It's about how you press on
Through the valleys and hills

When your eyes do not see
The answers you seek
Does your heart rest assured?
Is it all in control?

Chorus
Do you say I know
I belong to you?
Jesus, I know
You will see me through (2X)

It's all about how you walk
Through the wilderness phase
It's about how you press on
In the Word of the Lord

When your ears do not hear
The answers you seek
Do you stand on His promises?
Is it all in control?

Chorus
Do you say I know
I belong to you?
Jesus, I know
You will see me through (2X)

Bridge
We all know talk is cheap
Until we prove our words
In despair, we are tempted
To rest upon our oars
But you have proved your Word
By going all the way to Calvary
So our part is to stand
Squarely on the Word of truth
