

Everlasting Love

Verse 1

My Lord, my Savior
Light of my world
My love, my all ...

My heart, my soul
I lay them before you
My life, my all ...

Verse 2

My days, my nights
You hold in your hands
My dreams, my hopes

My fears, my cares
I lay them before you
My life, my all

Verse 3

I come to You
With nothing to hide
You see my heart

You love me, You loved me
Despite who I was
You died for me

Verse 4

I look to You
I need You my Savior
My Lord, my God

You keep me, You've kept me
From moment to moment
You'll take me home ...

Refrain

*You are my Lord
The best of the best
And I find You are
Better than anyone*

*You are the way
The truth and the life
And I find You are
Higher than anything*

*You've brought me through
The best of all times (The hardest of times)
And I find You are
Wherever I need You Lord*

*I am Your child
Embraced by Your love
And I find You are
My everlasting love ... (2X)*

Coda to End

*My everlasting love ...
My everlasting love ...*
