Eternity

It's all about eternity
You healed my body
But you are after my soul
Thank you for loving me (2X)

Refrain
Hallelujah, you healed my body
But you are after my soul
I give you the glory
Thank you for loving me

It's all about eternity
You healed my mind
But you are after my soul
Thank you for loving me (2X)

Refrain
Hallelujah, you healed my mind
But you are after my soul
I give you the glory
Thank you for loving me
