

This Love

Not many things make me as happy as his love
Not many things are more satisfying than his love
Don't you believe in a love that is patient?
Don't you believe in a love that is kind?
Don't you believe in a love that's forgiving?
Don't you believe in this love?

Refrain

Don't you believe in a love that's forever?
Love unconditional
Love like you want it to be?
Don't you believe in this love?

Not many things bring me much higher than his love
Not many things are more gratifying than his love
Don't you believe in a love that's unfailing?
Don't you believe in a love that is timeless?
Don't you believe in a love unconditional?
Don't you believe in this love?

Refrain

Bridge

Do you want a love that's forever
Love unconditional
Love like it just ought to be?
Do you want this love?

Then you've got to give such a love that's forever
Love unconditional
Love like it just ought to be
You've got to give this love

This love is unconditional
This love is here for one and all
This love is most original
This is love . . .

Fade to finish
