

Grateful

All the things you've brought me
They have made me who I am
All the things you've taught me
They have blessed the child I am
All the things you've shown me
They have shaped, they have made
They have blessed the child in me
I am the fruit of your work

Refrain

*You bring me back and make me whole
You bring me right back to your will
All the things you've shown me
They have shaped, they have made
They have blessed the child in me
I am the fruit of your work*

Bridge

*You bring me life abundant
You bring me breath each moment
You bring me joy, you bring me peace
You show me love everlasting
Your blessings every moment
And when I fall, you lift me up*

Refrain

*Oh, you make me whole
Yes, you make me whole
All the things you show me
They have shaped, they have made
They have blessed the child in me
And I am ever so grateful*

*I'm grateful for your love
I'm grateful for your love
I'm grateful for your love
I am ever so grateful . . .*

Fade to finish.
